

Bond Drive Will End Saturday Nite

Buffalo Lake Will Be Opened Sunday

"Uncle Tommy" Clark, Formerly of Faculty, Is Dead

T. M. CLARK

On April 21st at Portland occurred the death of Mr. T. M. Clark, member of a family which has made educational history in Texas. From 1920 until 1930 he was a member of the faculty of West Texas State. Prior to that time he had been identified with the public school system of Wichita Falls, Bayview College at Portland, and Add-Ran College at Thorps Springs. Hundreds of young people of Texas became cultured, educated citizens through the introduction to the arts and sciences which they received in the colleges which had Addison, Randolph, and T. M. Clark as their guiding officials.

Of Professor T. M. Clark, President Hill once said, "I wish we could have him around the college just for the influence of his presence, even though he did no teaching at all." Hundreds of students who enjoyed his friendship and wisdom are richer for having known him.

Since his retirement, Mr. Clark has resided at Portland, in the home that was built when he was president of Bayview College.

His son, Wallace R. Clark, and Mrs. Clark were with him during his last illness. Burial was at Portland on Friday afternoon. Mr. and Mrs. Clark returned to Canyon Sunday.

Cookie Jar Will Be Kept Filled at Legion Hall

Women of Canyon are asked to keep the cookie jar at the American Legion full on Sunday afternoons. Sugar will be furnished for this purpose to women who will bake cookies for this jar.

The Legion Hall has been opened as a club house for men in service, and scores of men are taking advantage of the opportunities of the Hall while they have leisure time.

Mrs. H. O. Price has taken charge of the cookie jar. Women who will bake cookies are asked to telephone Mrs. Price at 426J, and state the number of cookies they will furnish on certain week ends. This arrangement is made so that there will be no oversupply of cookies one week, and two few the next week.

When the cookies are brought in, each woman will tell Mrs. Price the amount of sugar used, and free sugar will replace the amount used.

Garden Club to Hear About Town Gardens

The Garden Club will meet next Wednesday morning at 9:30 o'clock in the Thompson Club Room. County Agent W. H. Upchurch will discuss the subject, "Food Production in Town Gardens." All citizens interested in this subject are invited to attend, and to bring questions regarding their problems.

A membership campaign is on, with Mrs. Levi Cole and Mrs. Allan Farlow as captains of two teams which seek members for this organization.

GROWS BLUEBONNETS

Mrs. M. C. DeGraffenried brought in some bluebonnets yesterday morning, and presented them to the News office. Mrs. DeGraffenried has been growing bluebonnets successfully for the past 15 years.

Misses Juanita and Waulene McKee visited in Lubbock over the week end with Miss Lona Mae Foggus.

Military Program Is Set For Afternoon; Cars Asked to Take Soldiers to Lake

Buffalo Lake, nearby Panhandle playground, will have a formal opening May 1.

Following an announcement the Army would present the opening day program, Lake Concessionaire Mrs. Jim Golding was flooded with telephone calls asking for cabin reservations for the annual affair.

"All cabins have been reserved for the opening day," Mrs. Golding said, and urged an early arrival at the lake for the occasion to insure choice picnic and camping area facilities which are free to the public.

Lieut. Bruce Curry of the West Texas Recruiting and Induction Center of the Army has arrived in

The Chamber of Commerce has asked citizens who are going to Buffalo Lake Sunday afternoon to take the student-soldiers at West Texas State. A large number of the men wish to go, but need transportation. Citizens who will take men are asked to go to Buffalo Courts at 1:30 o'clock, and the men will be ready to go.

Amarillo for duty and will work in liaison with army officers of Amarillo Army Air Field and other posts of the area to make the army program one the public will enjoy as an educational treat on the activities of our fighting men.

It was announced that the May war bond drive would also be launched at Buffalo Lake by Khiva Temple Shriners of the area, and the American Legion. Potentate Bill Gillstrap and Chairman Ross Rogers of Amarillo, who are in charge of the May campaign, declared workers would attend the (Continued on page five)

Drying of Fruits and Vegetables In Demonstration

Miss Frances Wilroy, County Home Demonstration agent, will give demonstrations in May on drying fruits and vegetables. Her itinerary follows:

May 3rd, Western Avenue Club.
May 4th, Highland H. D. Club.
May 6th, Park H. D. Club.
May 7th, Centerview H. D. Club.
May 11th, Zita H. D. Club.
May 12th, Ralph H. D. Club.
May 13th, Umbarger H. D. Club.
May 14th, Edgetown H. D. Club.
May 19th, West Side Club.

Milner Is Promoted to First Lieutenant

Lieut. Glen Milner has been promoted to 1st Lieutenant. He is stationed at Harding Field, La., member of the fighting squadron in the Army Air Corps.

Lieut. Milner spent six months in Alaska before being returned to the States. He received his degree from West Texas State in 1941, and was awarded his wings and commission of 2nd Lieutenant in Arizona, March, 1942.

Lieut. Milner is the son of Mr. and Mrs. Dallas Milner of this city.

Something to Be Proud Of—the New Science Building

Only a few details lack completion in West Texas State's new Science Building, pictured above. There are some steps and walks to pour, some radiators to install, and light fixtures to be obtained. Shining new classrooms have been equipped. The departments of Agriculture, Biology, Chemistry, and Physics have delayed their moving in order that the administrative officers of the Army Air Forces may use the building.

Damage Is Done Street Lights in Canyon Nearly Every Night

Sgt. Glen Hicks Home From Eight Months in Africa

Sgt. Glenn Hicks arrived Tuesday morning to visit at the home of his mother, Mrs. W. H. Hicks. He has a 15-day furlough.

Sgt. Hicks has been in North Africa for eight months. While he has not been in combat, he has seen much of ground over which the battle for North Africa is being fought. He will likely be returned to North Africa in a few weeks.

C. G. Hail Died Friday at Home North of Canyon

C. G. Hail, 55, died Friday at the family home north of Canyon. He has been operating the Hillside Service Station for several years. The funeral was held Monday in Amarillo with interment in Llano Cemetery.

Surviving are: the wife, two sons, Clinton of Ft. Leonard Wood, Mo., and Leo of Amarillo; three daughters, Mrs. M. E. Winberg, Mrs. H. C. Cates, and Miss Cholie Hail, all of Amarillo.

Meat Retailers Must Sign Up Form 1601

It is necessary for all retail dealers in meat to sign form 1601 between May 3 and 14.

These forms may be secured at the War Price and Rationing Board.

Citizens Asked to Help Officers in Protecting Lights, Other Property

White Way lights are being broken nearly every night, states Gordon Lyons, manager of Southwestern Public Service Co.

Mr. Lyons and officials of the city and county appeal to the people of Canyon to assist in protecting the lights, and to report boys who are responsible for this destruction of property. These lights cost \$7 each, and the destruction has cost the company more than \$100 in recent weeks.

Citizens are urged to be on the lookout for the boys who are doing this damage. Call the sheriff or the police when any citizen sees damage being done.

Much property damage has been done in other ways by boys. Last week air was let out of all casings on tractors and trucks in a machine shed in Canyon. Before this, considerable damage was done at the museum building. Boys have been caught playing with fire in the alleys late at night, which might have resulted in serious destruction.

At various time crime waves among the youth of Canyon have broken out, and officers have had considerable trouble in getting to the bottom of the trouble until patriotic citizens co-operated in putting a stop to these waves. It will be necessary for all citizens to again be alert and assist the officers in every way to stop the present crime wave before there is wholesale property destruction by fire, theft, breakage or other damage.

Cpl. Kenneth Walters Home From Pacific

Corporal Kenneth P. Walters, son of Mr. and Mrs. P. L. Walters, and brother of Mrs. James Sheppard, arrived Sunday for a brief visit with his family this week, before going on to Ft. Benning, Georgia, for officers training.

Cpl. Walters went to Mineral Wells in February, 1942, and sailed for Hawaii on June 7.

He has just returned from the South Pacific and wears the Asiatic Pacific Service Ribbon.

Lt. Charles Dickey to Newfoundland

Lt. Chas. Dickey, Chaplain in the U. S. Navy, has been transferred to Newfoundland. He has been serving at Nashville, Tenn.

Mrs. Dickey and children have returned to Texas and will live at Mesquite, where Mr. Dickey served as pastor of the Presbyterian Church before coming to Canyon.

Mrs. Montgomery of Samnorwood visited over the week end with her daughter, Mrs. Jack Tinkle.

Pvt. Edward Read returned to Garden City, Kansas, April 24, after spending several days with his wife.

Hite Is One of the Eight Captured by Japanese in Raid

Lt. Robert L. Hite of Earth, participant in the Tokyo raid of last April, is one of the eight prisoners of the Japanese taken at that time. Death sentences have been passed on all the group and some of them have been executed, but the Japanese refuse to state against whom in the group the penalty has been imposed.

Son of Mr. and Mrs. Robert P. Hite, of Earth, First Lieutenant Hite attended West Texas State after graduating from Spring Lake High School. He was accepted as an aviation cadet May 11, 1940, and was commissioned May 29, 1941, at Stockton Field, California.

Lieut. Hite was awarded the Distinguished Flying Cross for his part in the Tokyo raid Oct. 1, 1942.

The award was presented for "extraordinary achievement while participating in a highly destructive raid on the Japanese mainland on April 18, 1942. Lieutenant Hite volunteered for this mission, knowing full well that the chances for survival were extremely remote, and executed his part in it with great skill and daring. This achievement reflects high credit on Lieutenant Hite and the military service."

Lieut. Olin Hinkle Reports for Service

Lieut. Olin E. Hinkle left Sunday for Miami Beach, Fla., where he will be in training for six weeks. After this period he is expected to be sent to the photographic division of the air corps at San Antonio. He received the commission of 1st Lieutenant.

Mrs. Hinkle and sons will remain in Canyon until the end of the school year. Miss Darthula Walker bought the Hinkle home and will take possession after Mrs. Hinkle leaves for Abilene to visit her mother. She expects to join Lieut. Hinkle as soon as he is located.

Mr. and Mrs. H. C. Zachry, of Henrietta, spent Sunday night with his brother and family, Mr. and Mrs. E. N. Zachry.

Mrs. E. W. Woods visited in Abilene Sunday, with Mr. and Mrs. Ebb Coffman.

Army Takes Over Science Building

New Building on Campus Of West Texas State Has Been Practically Finished

No building in recent years has attracted as much attention and as much favorable comment as the new Science Building, now virtually completed and occupied by the Army Air Forces college training detachment. And, although the College has done much building of late, this is the first state-financed structure placed here in more than a decade.

A state appropriation of \$170,000 was the College's share in the education building program. Outbreak of the war brought the danger that the structure might not be started, much less completed. But cooperation of everyone concerned permitted not only the start, but the finish excepting lighting and heating. Priorities granted because of the presence of the future fliers may bring speedy completion.

Much Stone Used
As designed by M. O. Carder of Amarillo, the Science Building is a handsome two-story home for the departments of agriculture, biology, chemistry, and physics. The front includes an exceptionally large expanse of Austin stone, while over the main entrance are terra cotta emblems symbolic of the departments housed.

The second entrance is at the north end, where it is destined to be popular when "northerners" are not blowing. The main entrance faces (Continued on page five)

April Group of Men Go to Army Station Monday

Seventeen men went to Lubbock Monday for their physical examinations.

Billie Robin Meadow and Lee Roy Moreland were accepted for the navy.

Nine men were accepted for the army and will report at Ft. Sill on May 4: James Thomas Gillham, Elton O. Dolcater, Ralph Edgar Craig, Roy Glenn Campbell, Lawrence A. Foster, Sanford W. Ruthart, William Robert Ryan, Edward Lavoe Wilson, Doyle David Chain.

Wayne Coy Talbert will return for another examination in 30 days, and Monte Sherwood Wesley will be re-examined in 60 days.

Stuart H. Condron, Jr., was rejected for the army and navy but recommended for the merchant marines.

Otis Everett Johnson, James Douglas May, and Glynn Hollis Bunch were rejected.

MARRIAGE LICENSES

C. O. Myers and Miss Nellie Mae Moore, April 24.

L. C. Howard and Miss Florine Harrison, April 27.

James E. Anderson and Miss Beatrice Perkins Prieto, April 27.

Ray Arnold Hopkins and Miss Wanda E. Baxter, April 28.

Randolph Taylor and Miss Mattie Henderson, April 28 (colored).

Quota Will Be Exceeded Here

All Randall County Men, Women, Boys and Girls Urged to Buy War Bonds

The 2nd War Loan Drive will come to an end Saturday night.

All bonds sold in Randall county through May 1 will count on the quota of \$93,000 which has been given the county in this drive.

Sales throughout the week have been good, with scores of Randall county citizens buying bonds. Saturday was the biggest day of the year at the First National Bank. Levi Cole was kept busy throughout the day writing bonds for the citizens of the county.

When the news came that American pilots taken by the Japs had been put to death, citizens rushed in to buy more bonds to avenge the death of the pilots. Randall county's quota will be met, without question, but every citizen is asked to get into the fight and back our fighters who are doing such a valiant job in this global war.

Spring Term of District Court Started Monday

The spring term of district court opened Monday.

The grand jury selected by Judge Henry S. Bishop Monday is composed of Cecil Bible, foreman, J. J. Wright, John Beden, Chester Albritton, Henry F. Miller, C. S. Davenport, Fred Bauer, Joe Baber, Arthur M. Olson, J. W. Byrd, S. W. Cain, John L. Barndt.

Henry Long was appointed bailiff.

The grand jury returned one indictment against Bill Stoffle and adjourned after a one day session, subject to recall at any time during the session. Stoffle is charged with theft of an automobile. He has been in jail for several weeks.

Joe Cox has been under bond awaiting the grand jury, charged with theft. The grand jury reduced the charge to theft under \$50 when the complaining witnesses failed to appear. The defendant plead guilty in county court, paying a fine of \$50 and costs.

John E. Albers Died Yesterday; Funeral Pending

John E. Albers, 79, died yesterday morning at 11:15 o'clock at the family home, 1101 Sixth Ave. He had been a stock farmer in this county for 18 years.

He was born at Hatten, Germany, Feb. 24, 1864.

The funeral will be held at the family home Friday morning at 10 o'clock, conducted by Rev. Martin J. H. Hartenberger, pastor of the Trinity Lutheran Church.

The body will be shipped to Wisner, Nebr., the old family home, for interment. The Griggs-Thompson Funeral Home has charge of arrangements.

Surviving are his wife, Mrs. Catherine Albers; three sons, Emil and George Albers of Canyon and Arthur Albers of Hartley; six daughters, Mrs. G. Henry Myer of Hubbard, Nebr., Mrs. William Michael of Lincoln, Nebr., Mrs. W. L. Terry of Centerview, Mo., Mrs. Lester Chilcott of Wisner, Nebr., Mrs. Gene Root of Canyon, Mrs. Tom Harbert of Dumas; two brothers, G. H. Albers of Wisner, Nebr., and Ernest Albers of Osgood, Nebr.; three sisters, Mrs. Henry Siemers of Wisner, Nebr., Mrs. Henry Grahner of Wisner, Nebr., Mrs. Henry Meyer of Canyon.

STORK SPECIAL

A daughter, Preva Ruth, was born April 26 to Mr. and Mrs. Wylie Byrd of Tulia. Mrs. Byrd is the former Billie Harrell.

A son, William Edgar Lockhart, III, was born to Captain and Mrs. William E. Lockhart, II, April 26, at Alpine. Captain Lockhart is in the Medical Corps in Shreveport, La.

A daughter was born to Mr. and Mrs. J. C. Beckman, on April 20, in an Amarillo hospital.

A daughter Judith Ann, weighing 7 pounds, 11 ounces, was born to Private and Mrs. Edward Read on April 21st. Mrs. Read is the former MRS. Ardath Ann Cofer.

A daughter, Janice, was born to Mr. and Mrs. Harold Barnett April 24 at Shamrock. Mr. Barnett was director of the Canyon High School Band last year.

A daughter, Sharon Lou, was born to Mr. and Mrs. Max Allen Evans on April 24.

Mrs. E. I. Boyce visited last week in Brownwood with Sgt. and Mrs. Bill Patke and Pvt. E. I. Boyce, Jr.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Americans were stunned when it was announced that the Japs had executed some of our pilots who had been taken prisoners during the raid on Tokyo. In the light of what we know has happened in China, could we doubt the treatment which our boys would receive? The Japs are a brutal, merciless race and there is nothing in the catalog of crime which they will not do in the treatment of their enemies. There is a natural impulse to treat Jap prisoners as they have treated our boys. We rather suspect that this is just what the Japs want us to do. They have more of our soldiers as prisoners than we have of Jap fighters. Of course we have made more prisoners, considering the number shipped from the islands which we control, and those taken from the West Coast states. It would be mighty easy to allow our hatred for the Japs to get the better of calm, sane judgment, and to destroy the whole lot of prisoners. But that would only add fuel to the flames. It would mean the torture and death of all American soldiers now held by the Japs, as well as the punishment of all who may be taken in the future. The Japs know that we dare not do other than treat their prisoners well; and we have too much regard for the safety of our men now in Jap hands to do otherwise. All we can do about it is buy more bonds; fight this war as quickly as possible; and hang the war lords of Japan when the war is over. After all they are the ones who are responsible for the present conflict, rather than the poor cusses who are facing the bullets.

Newspapers are interested in a suit brought by the government against a number of large department stores in New York City. The New York Times recently announced a revision of advertising rates. Naturally the rates were increased because of the increased costs of doing business. Some of the stores decided to boycott the Times, and cancelled their advertising. The Times said nothing, believing that the stores would soon see the folly of their way and return to the newspaper. However, the government did not look at the situation that way. First of all, the stores violated the law in organizing a boycott; second, the government looks upon advertising as an essential means of keeping the public informed. Suits were filed against all of the stores for violation of anti-trust laws. The government takes the position that the public looks to the newspapers for essential information regarding trade conditions, and this information is carried by means of advertising. It would have been okay for any store to stop advertising, but when the stores got together and decided to boycott the newspaper, the government stepped in and took a hand. All newspaper publishers are greatly interested in this situation.

We have one wish: Just to put John L. Lewis and his gang of labor racketeers in the front line trench of Tunisia! Naturally this gang of saboteurs feel safe and know that they will not be called upon to face enemy bullets. The Roosevelt administration has finally come face to face with Lewis and his outlaws, and can no longer evade the labor question. The President and Madame Perkins have sidestepped an open fight with labor until Lewis believes that he is invincible. The time for a showdown is here, and the President must act, or see the labor racketeers run away with the show. If Lewis gets his way, the administration had as well repeal all of the social reforms and New Deal policies which have been enacted. The people of America are not mad at labor, but want to see every man paid a fair and just wage; likewise, most laboring men are fair and want to earn their wages; but the labor racketeer, like Lewis, wants higher wages so he can collect more dues to add to the slush fund which he individually controls.

The reputation of Randall county is at stake in the 2nd War Loan Drive. The people of this county have always met their quotas for the various war loan drives, and now must meet the present drive. There are patriotic citizens in Ran-

dall county who have already bought bonds, but if necessary they will buy more bonds rather than see Randall county receive a black eye for having failed to support our fighting men. As The News pointed out two weeks ago, this is a personal affair. It is up to each and every individual to do his best, and to invest as much as possible in this bond issue. The individual who has money but refuses to buy bonds is sabotaging our fighting forces. The strongest message that we could send to the Axis was that Americans have their hearts in this war, and that practically all of our 133 million citizens have invested their funds in War Bonds. Those who have not bought bonds should consider the future of America, and the future of their own families should we fail to win the war.

General MacArthur has been pleading with Washington to send him more troops, and more planes in order to carry on the fight against the Japs. It has been decided by the higher ups that it is more important to knock our Hitler before starting on the Japs. A most lamentable situation exists throughout the nation over the Japanese situation. Our people still think that this is a "before breakfast" affair. After General MacArthur made another appeal last week, augmenting the plea from China and Australia for more help, wise Congressmen hastened to criticize the General and scoffed at the idea that there was danger of a Jap invasion on Australia. And while MacArthur pleads that America come to the aid of thousands of American men in the East, our labor racketeers still insist on calling strikes and wasting priceless man-hours in senseless harangues.

There is considerable discussion about horse meat throughout the nation. While horse meat is as clean, and perhaps cleaner than the meat of many animals which are common food, yet people hesitate to eat the flesh of old dobbin. Horses are not raised with the view of furnishing meat. Horses are too valuable in their prime for meat, and when they grow old there is always a suspicion that the meat is either diseased or tough with age. Those of us who were in France during World War I asked no questions, and ate horse meat. Americans have been educated away from this meat, and our people will have to become pretty hungry for meat before they will accept the horse as a substitute for the animals which usually furnish our meat supply.

There never has been a time when so many married women were working. As a result children are often left at home, or are not under supervised direction. A situation has developed throughout the nation which is very bad. In Canyon officers complain that a young band of hoodlums has been formed which has been doing considerable property damage. In all of the cases it has developed that the children are turned loose, while the parents are at work. The situation is very bad for the children and for the future of the community.

The wheat crop in the Panhandle usually has to be lost at least three times before harvest.

OUR DEMOCRACY—by Mat

WE MUST WORK HARDER,
LIVE MORE SIMPLY—

BEFORE CANNED FOODS WERE INVENTED, AMERICANS—RICH AND POOR—MADE THEIR OWN GARDENS AND "WINTERED THROUGH" ON SIMPLE FARE, CHIEFLY SALT PORK, CORN BREAD AND POTATOES.

AGAIN WE NEED TO PLANT OUR OWN GARDENS...
TO PRESERVE WHAT WE CAN FOR NEXT WINTER'S USE...
TO ASSURE AMPLE FOOD FOR OUR FIGHTING MEN,
SUFFICIENT FOOD FOR OURSELVES...
TO HELP WIN THE WAR.

However, this year it took only one loss to knock out considerable acreage of wheat. The green bugs and the continued drouth of the winter contributed to the loss of considerable wheat acreage. However, farmers who grazed their wheat during the winter were well repaid for planting their wheat. In spite of the loss of the crop, which is always a bad thing, the loss is not total to the farmers.

Dahlias to Grow On Campus Again In Many Colors

Dahlia growers and lovers of flowers and aesthetic beauty will see the 1943 dahlia trial grounds on the campus of West Texas State bloom again with all the hues of a Western sunset.

Under the direction of the local trial ground committee, the division of hundreds of roots and the preparation of the grounds for spring planting are underway.

All dahlia types are represented: the cactus with curled petals, the semi-cactus, the formal decorative with uniform petals, the informal decorative with somewhat variegated petals, the collarette, the pompon,

the miniature and the ball dahlia, and the sultry tropical breath of the orchid. Their very names are suggestive of the individuality, the color and romance that is their birthright. Among them are the Princes of Persia, Golden Eclipse, Red Jersey, Rose Fallon, Sleep Hollow, Crowning Glory, Kilgore's Lucifer, Michigan White, Cherokee Brave, Golden Standard, Bob White, Andreas Orange, Yellow Gem, Town Topic, Little Miss Prim, Orchid Lady, Hunts Velvet Wonder, Kentucky Snowball and Sherry.

Mr. and Mrs. F. C. Nichols and son, Ronnie, called in the O. A. Smith home Sunday evening.

Mrs. R. N. Henry and Arthur visited in the C. G. Stallings home Friday evening.

Mr. and Clem Dugan, Billy and Annette called in the O. A. Smith home Saturday evening.

Resists Wood Decay

Wood shows greater resistance to decay when treated with urea and certain ammonium compounds.

V-NEWS

From Randall County Home Economists

It is time to begin thinking about your canning equipment.

Because the supply of pressure cookers is so far short of meeting the demands, all pressure cookers produced in 1943 will be rationed. Materials for making only 150,000 pressure canners have been released by the War Production Board to manufacturers. No orders will be filled for individual users. The U. S. Department of Agriculture will allocate the cookers to the states, but no other details of this phase of the rationing program have been announced.

It will be necessary in many communities to do group canning. Plans are being made for that type of canning projects in Randall county. The war-time cookers are being made of steel rather than aluminum, and will be equipped with a flat rack but no basket or pans. The cover will have a protective tin coating, while the body will be enameled. Capacity of the cookers is seven quart jars.

If you are fortunate enough to get one of these cookers, you will need to exercise care in handling your new type cooker. These tin and enamel coatings scratch more easily than aluminum. Scratches cause the steel base to rust, and rust weakens the walls of the cooker. Avoid sharp blows, over-heating, boiling dry, or abrasive powders. Heating grease or fat at high temperatures in a tin-plated cooker may cause the tin to melt, so the cooker should not be used for rendering lard or searing meat.

There is no shortage in glass jars or jar seals unless the greatly expanded food preservation program causes a "run" on canning supplies. There is no restriction on the number of tin cans that may be sold to home canners.

Detroit of Germany

Stuttgart is the Detroit of Germany, birthplace of the automobile industry in that country. In the northeastern division of the city known as Unterturkheim the large plant of the Daimler automobile grew from the motorcycle built in 1885 by Gottlieb Daimler and the first automobile built the following year by the same inventor.

THE 2ND WAR LOAN DRIVE IS ON!

★ ★

The Command has Come—

"Attack!"

THE big push is on! This is the fateful summer that we have been waiting for. Hitler knows he must win before another winter rolls around, or face inevitable annihilation. And you can be sure that he will hurl everything he has—every gun, plane, soldier and tank—into the summer struggle that is even now rising in tempo on every front.

And when the command goes out to our fighting men to ATTACK—you can be sure they don't look for excuses. They don't hesitate. They strike fast and hard—as they did at Guadalcanal, in Tunisia and in the skies over Europe.

NOW the command has come on the home front to attack! To attack with the dollars that buy the weapons of war our boys must have to meet the last desperate assaults of Hitler. Your government asks you to lend it 13 billion dollars during this drive. And this

historic 2nd War Loan Drive, which started April 12th, is the most urgent appeal America has ever made!

The time is short—act now!

When you attack with War Bonds you don't suffer pain or anguish—you don't risk your limbs or your life as millions of our boys are doing every day. All you do is make an investment—the safest in the world. You help to secure Victory now—and your own financial security.

During this drive if you are visited by a volunteer War Bond worker, welcome him. He will explain the 7 different types of U. S. Government obligations you may choose from. But don't wait for his call—go at once to your nearest bank or Post Office or place where they sell War Bonds. And answer the command to ATTACK by buying more War Bonds—and still more War Bonds!

Track Meet Won By Amarillo Team

Lubbock Leads Until Last Two Events—Lockney Takes Third

Amarillo High School won the Regional I Track and Field Meet for the second straight time here Saturday in Buffalo Stadium. They placed enough men in the last two events to score three points making their total score 36 points. Lubbock was leading the meet up until the last two events—broad jump and the mile relay—were run off. Pinky Lowry's Lubbock thincads scored 32½ points to come in in second place.

Lockney scored 28½ points to take third place. The Claude team led by the Wilson boys, Joe and Jim Pat, scored 27 points for fourth place in the meet. Coach Bill Gibson's Canadian Wildcats scored 15 points. Dumas tallied 5 points, Seminole 3 and White Deer 1.

Amarillo won only three first places. They piled up their points by winning either second or third in almost all events.

Clinton Mitchell of Lockney was the meet's leading scorer. He won first place in the 100-yard dash, shot put, and broad jump. He placed second in the 220-yard dash. Sammy Deal of Amarillo was runner-up in the individual scoring. He had a total of 13 points.

Pole Vault: first, Bell (Claude); second, Davis (Lubbock); height 10'3".

High Jump: first, Deal (Amarillo); second, Parrack (Lockney); height 5'7".

Shot Put: first, Mitchell, Lockney; second, Deal, Amarillo; distance 42'10".

120-yard High Hurdles: first, B. Hopkins, Canadian; second, Elliott, Amarillo; time 16.9.

100-yard Dash: first, Mitchell, Lockney; second, Joe Wilson, Claude; time 10.4.

440-yard Dash: first, Jim Pat Wilson, Claude; second, Moore, Lubbock; time 53.0.

200-yard Low Hurdles: first, Elliott, Amarillo; second, B. Hopkins, Canadian; time 25.1.

440-yard Relay: first, Lubbock; second, Amarillo; time 45.9.

Discus Throw: first, Deal, Amarillo; second, Cope, Lubbock; distance 116'10".

880-yard Run: first, Bain, Dumas; second, Taylor, Lubbock; time 2:12.3.

The Legislative Grapevine

Grady Hazelwood
Senator 31st District

Through the legislative hopper this week went some of the most important legislation of the entire session. The rural aid bill passed the House with an increase of almost \$6,000,000. It was fully expected that rural aid would be increased in order to provide for a general raise in salaries for rural teachers. Two Senate bills passed raising the per capita allotment from \$22.50 to \$25.00. There being something more than 1,500,000 school children the Senate bills provided for more than \$3,800,000.00 for increased teachers salaries in schools not receiving rural aid. But even those amounts will not provide more than from 10 to 15 per cent general salary increase.

The public little realized the seriousness of the teacher problem. In one of the larger city schools in the Panhandle there has not been a single day since last September that there has been a complete faculty. In another town more than 60 per cent of the teachers employed in September have left for better jobs. In a smaller rural aid school the entire faculty has completely changed three times since September. Many teachers can make twice as much money in war industries or other government work than they now receive.

The old age pension problem flared again this week in the Senate. First, the Senate and the House free conference committee agreed on a substitute bill that got rid of the entire Board of Public Welfare. The House passed the substitute overwhelmingly and the Senate adopted it 17 to 9. Next day the

ney; second Graham, Lubbock; time 5:01.6.

1-Mile Relay: first, Claude; second, Amarillo; time 2:45.5.

A. J. Broyles of Lamesa won the Region One Boys' Tennis Singles Championship by downing Bill Reville of Amarillo in three straight love sets, 6-0, 6-0, and 6-0.

The boys' doubles title went to Bill Candier and Zane Francis of Briscoe when they disposed of Jimmy Allison and Warner Wilson of Amarillo, 6-1, 6-1, 4-6 and 7-5.

Virginia Broyles, younger sister of the boys' singles winner, brought another net crown to Lamesa when she defeated Betty Nan Kelly of Amarillo, 6-8, 6-2 and 6-4.

Sadie Amerson and Beth Pierce won Amarillo's only tennis title by downing Willie Mae Luttrell and Imogene Bagwell of Claude, 6-2 and 6-4.

Senate reconsidered after being assured by certain members of the board that Murchison would be relieved of his duties at an early date. Then Murchison resigned and the board is now seeking his successor but without much success.

How fast the position of executive director is growing in importance may well be seen by the following figures. When the legislature met two years ago the amount of money spent and paid out for old age assistance by this man was \$18,463,000. The legislature increased the amount with the largest tax bill in history so that last year this same executive director paid out for this purpose \$42,000,000. The recent bill passed by the Senate provides an additional increase of \$3,600,000, and it is entirely probable that before the House and Senate finally agree that the last named amount will be increased to more than \$4,000,000, so that hereafter the man who holds this job will actually spend some \$46,000,000 per year. The Board of Public Welfare is composed of three very active business men who are necessarily engaged in the operation of their own personal affairs. The members of this board only receive \$10 per day for each day actually devoted to this work but not to exceed 60 days per year. The result is that with the executive director rests the operation and management of this department. Thus it will be readily observed by the tax paying public and by old age recipients that the choice of the new executive director is of great importance to the people of Texas.

Tierra Blanca

Mr. and Mrs. L. H. Holman and daughters visited the H. H. Hand family Monday night.

Lynelle Roach spent Sunday with Helen Jo Cox.

Mr. and Mrs. Fred Iribeck and family spent Sunday in Happy with John L. Iribeck.

Lola Margaret Stevens returned Thursday from Bryan where she has been visiting her husband, Pvt. Roy Joe Stevens.

Willie Mae Holman spent Friday night with Waulene and Juanita McKee of Canyon.

Mr. and Mrs. W. C. Roberts and Joe Harry visited in the C. V. Conatser home Friday night.

Joan Byars and Mary Williams spent Wednesday night with Helen Jo Cox.

Mary Joyce Snapp spent the week end with Frances Holman.

Cool Soapy Water

To clean a pot to which food has stuck, fill it immediately with cool soapy water and let stand until the particles have loosened. Remove them completely with a scraper or spatula, and then wash the pot in the usual way.

Garden Leaves

MRS. J. A. HILL
President Canyon Garden Club

If you want to see some crystallized sunshine take a look at Miss Schramm's yellow tulip bed. The sight will give your spirits a definite uplift.

Why can't Canyon have a park like other towns? Of course it takes money and work. But of what use is money other than to do good and to add pleasure and beauty to the world? It certainly is true that "all you can hold in your cold dead hand is what you have given away." And good old honest work, both mental and physical, is a panacea for many ills both real or fancied.

Our Canyon Women's Clubs have tried faithfully for years to get a park started. A very nice small one was nursed to the beauty stage due to the untiring efforts of Mrs. T. B. McCarter and helpers. Somehow the project has been neglected until it looks like the ragged edge of nowhere now.

Of course labor is scarce but if we had enough civic pride we could work out a plan by which we could do the work ourselves.

When you go into a new town do you not immediately consciously or otherwise judge it by its yards, gardens and parks? You think "the citizens of this town love their homes. I would like to live here." Another town has just the opposite effect. You judge it in the same way and think, "these people merely exist. I would not live here for anything."

Canyon is a pretty little town and has the possibilities of great beauty. Let's all work together and make it an oasis, a veritable beauty spot.

Authorities say that after plants are up and growing, they should not be sprinkled. This method of watering washes away the pollen and the air takes some essential qualities out of the water. A thorough watering once or twice a week is much better than a little water every day. A slight cultivation of the soil between times aerates the soil and furnishes needed food.

Isn't it a good thing to remove the first buds that form on young rose bushes? The plants need to build up strong root systems and sturdy bodies before they perform their main destiny that of blooming.

Our victory gardens are not looking very victorious right now. Too much wind and cool nights prevail, but these will soon be over. Fresh onions will soon be perfuming our unabashed breath.

New Zealand spinach does not have such a strong fishy taste as the other kinds and makes delicious salad and greens. It is easily grown, too, and puts on new leaves as the others are taken off until frost comes. Health notes urge us to grow all kinds of green leafy vegetables for raw salads.

Cage Captain Given Award

Kleinschmidt Trophy Goes to Stockman, Now In Air Forces Unit

Bill Stockman has been voted the most valuable player on this year's basketball team. He will receive the "K" trophy that is emblematic of this honor.

The trophy is awarded annually by J. W. Kleinschmidt, local business man, to the most valuable basketball and football player. The man is selected by ballot by his fellow teammates. Frank Stockman, brother of Bill, won the trophy last year. Price Brookfield won the honor two years ago. In football Joed Forbus was selected as the man to receive the trophy this year. Ben Collins won two years ago. Mr. Kleinschmidt has a rule that no man can win the trophy twice.

Bill was the captain of this year's team that played games in Buffalo, Madison Square Garden in New York City and in the historic Convention Hall in Philadelphia. Stockman is now in the Army Air Corps. He is with a unit of airmen in Denver going to Denver University for further study.

He was a member of the Army Air Corps Reserve. His call came two days before the Buffs left for the Border Conference tournament in Albuquerque. His absence was felt very keenly. He was a regular guard on the team two years ago—the great team of Coach Baggett's in 1941-42. This year he played every position. This movement around the court was prompted by manpower shortage and injuries to other regular starters.

Bill turned in the greatest performance of his basketball career in the final game of a two-game series played with Lubbock in Lubbock. The Buffs had trouble getting started in this game, and it was the uncanny ability of his to hit in the clutch that spelled victory for the Buffs.

Coach Miller and the Buffaloes regret that Bill is not here to accept the trophy and their congratulations in person. Bill has been notified of his selection, and the trophy will be sent to him as soon as it arrives.

Frozen

Uncle Sam has adopted a new policy of buying quick frozen vegetables for his army, thus saving hundreds of tons of tin and steel for war production and giving the armed forces better food.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of April 25, 1918)

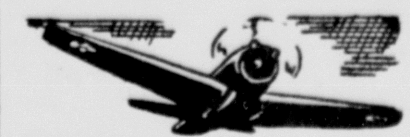

Capt. A. S. Howren died at the home of his daughter, Mrs. W. G. Word, at Clarendon. He surveyed the Capitol Syndicate lands which the Farwells received for building the Texas state capitol building.

P. L. Britain died at an Amarillo hospital following an emergency operation.

Liberty Loan Bonds were sold in excess of \$10,000 over the county's quota.

C. R. Burrow, chairman of the Red Cross Drive, has been notified that the county's quota will be \$3,760. The drive will be held May 20-27.

Canyon Air News

Hello Folks:

Well, in spite of the weather, G. W. Cox and Mr. Fincher continue to work and carry out plans for enlarging and improving our facilities.

The student lounge is gradually being finished, with the aid of Mrs. Viva Belle Cabe and Mrs. Juanita Fincher, who are making slip covers for the sofas and chairs; James Cabe laid the linoleum.

A small instructors' office and lounge room is to be erected a few feet from the students' lounge.

There has been little response to the suggestion that another flying club be formed, and perhaps those interested in doing so are hesitant, because of rumored restrictions. Those persons who would like to obtain an instructor's rating, or who have any other goal in mind, which will be helpful in the war training service, will be given full co-operation by us and the government.

Let us hear from you. Our mechanic, William Edwards, has quite a job on his hands overhauling and generally preparing the planes brought in for our new program.

This time next week we will probably be able to describe how the new students take on their jobs; it should prove quite interesting. So until then, we remain—

Miss Esther Rudolph Became Bride of George B. Ritchie April 24

Miss Esther Rudolph, became the bride of George B. Ritchie of Guyton, Okla. in the Phillips Methodist Church, Saturday afternoon, April 24. The Rev. S. Y. Allgood officiated.

Mrs. Ritchie has made her home here for the past several years and received her B. A. degree from West Texas State College. She received her M. A. degree from the University of Michigan, and is now teaching Speech and English in the Phillips schools concluding her eighth year there this term. After the school term she plans to join her husband, who is with the Cabot Construction Company in Guyton.

Mrs. Houston Bright, niece of the bride and Dan K. Usery, her brother-in-law, both of this city, attended the wedding.

A miscellaneous shower was given in the home of Mrs. J. C. Alexander to honor the bride. Co-ho-

tesse were Mrs. Jack Murland, Mrs. Catherine Higgins, Misses Jenny Sandy, Moana Lea Calliham and Katy Mae Lusk.

TUESDAY NIGHT CLUB WITH PRICHARDS

Mr. and Mrs. Hud Prichard entertained the Tuesday Nite Club in their home on Tuesday of last week. Mrs. Gordon Lyons held the high score for the women, while J. M. Daugherty was high scorer for the men.

Peach pie with whipped cream and coffee was served to Mr. and Mrs. Andy Walsh, Mr. and Mrs. Winfield Miller, Mr. and Mrs. A. K. Goodman, Mr. and Mrs. Gordon Lyons, Mr. and Mrs. J. M. Daugherty, and Mr. and Mrs. Hud Prichard.

Miss Nell Stevenson visited here over the week end with Mr. and Mrs. T. S. Stevenson.

MISS WILROY HAS BUSINESS CLUB

Business and Professional Women's Club met Wednesday of last week in the home of Miss Frances Wilroy. Decorations consisted of apple blossoms, tulips, spirea, lilac and tall blue tapers placed at vantage points.

Upon arrival, the guests were served ice cream, angel food cake and coffee. The center pieces for the tables consisted of pink candles centered in crystal bowls which were filled with pansies. Hand drawn cartoons representing the profession of each player served as place cards.

Mrs. Clyde McElroy found a coin in her piece of cake and later was crowned queen of the evening. It would have meant bad luck for Mrs. McElroy if she had been seen with the coin in her possession. Miss Louise Manigault crowned the queen and presented her with a gift.

Mrs. J. L. Duflet, who won high score, was given bubble bath, while Mrs. C. R. Flesher, low score winner was given a corsage of cherries. Patriotic correspondence cards were given Mrs. Berl Mayfield as traveling prize. Miss Manigault was presented a box of guest soap and the good luck prize, Easter cards, went to Mrs. J. J. Walker.

The guest list included Misses Louise Manigault, Oma Robertson, Rhita Jean Sullivan, Lilla Clark, Olive Schramm, Grace Clark, Belle Schramm; Mrs. K. E. Frieze, Mrs. Claude Moore, Mrs. Bob Parsons, Mrs. T. A. Black, Mrs. Mayfield, Mrs. N. E. McIntire, Mrs. Robert Moore, Mrs. J. J. Walker, Mrs. T. C. Thompson, Mrs. Flesher, Mrs. C. N. Cochran, Mrs. W. A. Warren, Mrs. Levi Cole, Mrs. Felix Neff, Mrs. James Cole, Mrs. C. M. Presley, Mrs. S. B. Louder, Mrs. Clyde McElroy, Mrs. Duflet, Mrs. L. M. Cousins, Mrs. G. A. Farlow, Mrs. Earl Robbins, Mrs. Guy Tabor, and Mrs. A. L. Walsh.

JUNIOR GIRL SCOUTS HAVE EASTER HIKE

The Brownies, junior girl scouts of the Demonstration School, their leaders and friends observed the Easter holidays with a hike last Thursday. Miss Panola Pankratz, head-leader, was unable to attend.

The girls started their journey with singing of songs, including the "Girl Scout Hike Song," "Any Bonds Today" and the "Brownie Smile Song."

As they hiked the scouts observed many wild flowers, examined and identified them. They also examined a few insects, but the most interesting thing they saw was a flock of yellow-headed blackbirds, which arose from the trees as the girls approached the creek.

Arriving at their destination, the girls found birthday cakes to honor Shirley Glenn, Anna Lou Samuelson and Margaret Grace Wood, whose birthdays all are in April. The cakes contained prizes and fortunes for everyone.

The following Brownies and their visitors spread paper sack lunches: Mariann Baker, Glenda Beth Campbell, Bea Caywood, Katherine Jo Furlow Shirley Glenn, Latrice Kiker, May Montgomery, Sue Lane Neff, Anna Lou Samuelson, Billie Faye Small, Margaret Tinkle, Kay Wheeler, Margaret Grace Wood, Joan Dobson, Glenda Dunkin, Susan Mann, Jacquelyn Barnard, Patricia Ruth Small, Mrs. Morris Small, Mrs. Jack Barnard, Mrs. D. Oral Caywood.

One of the members, Maxine Russell, has recently moved to California.

TED BRIGGS ENTERTAINS WITH EASTER PARTY

Ted Briggs, son of Mr. and Mrs. Cecil Briggs, entertained his friends, in his home, Saturday afternoon with an Easter party.

A number of games were played out on the lawn, then Bunny cookies and orange punch were served to Charlotte Bill, Barry Clark of Happy; Dorothy Neblett, Shirley Paye Peppard, Carol Ann Holt, Lilla Mae Hunter, Rita Jo Crow, Bobby Ford, Joe and Leroy Dickerson, Karry Franklin, Donald Tolmil, Ted Briggs, Miss Betty Clark, Mrs. A. Clark, Mrs. George C. Harris and Mr. and Mrs. Briggs.

MRS. DAUGHERTY HAS 1925 BRIDGE CLUB

The 1925 Bridge Club met at the home of Mrs. J. Madison Daugherty, Wednesday, April 21.

After the social hour, molded jello, easter eggs in nests of shredded lettuce, cottage cheese, orange bread, marble cake and coffee were served to Mrs. J. J. Walker, Mrs. Gordon Lyons, Mrs. Ray McReynolds, Mrs. Hud Prichard, Mrs. Joe Black, Mrs. Geo. A. Farlow, Mrs. T. A. Black, Mrs. J. L. Duflet and Mrs. Daugherty.

L. T. WHITE HONORED AT BIRTHDAY DINNER

A surprise birthday dinner was given in honor of L. T. White, Tuesday evening, in their home.

Forty-two was the diversion of the evening.

Those present were Mr. and Mrs. Bob Carter, Mr. and Mrs. Otis Mayfield, Mr. and Mrs. Porter Campbell, Mr. and Mrs. B. B. Bullard, Mr. Johnson and Mr. and Mrs. White, Nell and L. T. Jr.

LADIES AUXILIARY HAS MEETING APRIL 27

The Ladies Auxiliary of the First Presbyterian Church, held its regular meeting, April 27, in the parlor of the Church.

"Seek Ye Christ the Kingdom of God," was the theme of the devotion led by Mrs. Nancy McCaslin.

Mrs. M. A. Biggers read a letter giving the every day life of a missionary at the Oakland, California, Mission School. The letter revealed an interesting stage of general advancement. The history of a Guatemalan Mission was reviewed by Mrs. Robert W. Jones. Mrs. Jones pointed out that the mission was in a backward stage of development but steadily taking on the Christian way of living.

Mrs. Harvey Cash read a personal letter from Shantung, China. The author gave personal experiences dating from December 7, 1941 (Pearl Harbor), to December '42, when she arrived in the United States. Her experiences during those times, truly seemed to reveal the ever presence of God, when people or nations are in trouble.

Mrs. J. Sharp invoked divine blessings on Christian workers in the many parts of the world.

Those present were Mrs. Cash, Mrs. Sharp, Mrs. M. E. Cleavinger, Mrs. N. A. Croson, Mrs. J. L. Hight, Mrs. S. L. Ingham, Mrs. Jones, Mrs. John Moody, Mrs. McCaslin, Mrs. L. L. Monroe, Mrs. Biggers, Mrs. C. R. Burrow, and Mrs. E. D. Harrell.

BERTHA LEE LINDSEY HAS PARTY, APRIL 21

Mrs. Paul Lindsey entertained her daughter, Bertha Lee with a birthday party, Wednesday, April 21.

A social hour was spent playing games, and Bertha Lee opened her presents.

Ice cream and cake were served to Betty Ross Craig, Meri Jean Bullard, Barbara Ann McDougal, Bobby Foster, Gloria Jean Franklin, Roland Meyer, Robert McClendon, Billy Carl Martin, Clyde Root and Bertha Lee.

No WAACs Enlisted Here Wednesday

The recruiting party for the

WAACs made another futile attempt yesterday to find recruits in Canyon.

West Texas is far below its quota of candidates for the WAACs, according to army officers, and Randall county has had no recruit for several weeks. Women between the ages of 21 and 44 are urged to consider this branch of the service, which is very vital to the war effort.

Big Eggs Products by Breittling Hens

Mrs. J. M. Breittling has a flock of White Leghorn hens which are producing war time eggs. These eggs are the big oversized eggs, which are found once in a while, but which are not regularly produced.

Mrs. Breittling brought a dozen eggs down town Friday to show what her flock was producing. Instead of getting a few of the big eggs at infrequent intervals, Mrs. Breittling is getting a dozen at quite frequent intervals.

Luncheon guests in the E. N. Zachry home were Mr. and Mrs. E. W. Guest, Mr. and Mrs. Ralph Guest and family, Mr. and Mrs. Dallas Zachry and Barbara, all of Happy; Sgt. and Mrs. Clarence D. Zachry, Sgt. and Mrs. Woodrow T. Christy of El Paso; and Miss Mary Ann Zachry, of Amarillo.

Mrs. Elsie Money left last Monday for California, where she will visit her son, Bobby, who is in the armed forces.

Miss Natalie Flesher of Segundo, Colo., visited over the week end with Mr. and Mrs. C. R. Flesher.

Guests in the home of Mr. and Mrs. G. R. Cox last Sunday were: Mr. and Mrs. Lewis Cox of Long Beach, California, Mr. and Mrs. Oscar Cox and Mrs. George Cox of Amarillo, and Mr. and Mrs. E. P. McNeill, Mr. and Mrs. D. B. Cox, Howard Cox, and Mr. C. E. Griffin of Canyon.

Mrs. R. C. Hillier spent Easter in Borger with her husband, who works at the Rubber Plant. They attended the First Baptist church in Pampa, Friday night. The Rev. T. D. Sumrall officiated.

Mrs. John E. Gay, of Wichita Falls, is here visiting Mr. and Mrs. H. M. Parker. Mrs. Gay is the former Miss Frances Parker.

Wayside Items

Rev. Ponder, Baptist district missionary from Plainview, filled the pulpit Sunday morning. He also held several pre-Easter services the last of the week. Rev. Lloyd Garrison was also present.

Mr. Heisler, father of Wyatt Heisler, who had been in the Tulsa hospital for two weeks, passed away last Monday and was buried in the family lot by the side of his wife who preceded him several years ago, in the Clarendon cemetery.

Lyman York McGee who has been home on furlough left Sunday for camp. His sisters, Berniece and Sara Beth, also made a visit home while he was here.

Mrs. Joyce Lane from Happy visited home folks over the week end.

Mrs. Jack Buster and children, Volene and Jerry, spent Easter in the A. L. Stevens home.

Mr. and Mrs. Brown Byrd were Wayside callers last of the week. They have lately purchased the Watson home south of Wayside.

Mr. and Mrs. John Patterson and girls spent Easter Sunday in Sunray in the home of Mrs. Patterson's brother, Berl Shaw and family.

Mr. and Mrs. W. R. Franklin and Glen spent Sunday in the Roy Franklin home in Canyon.

Mrs. Ida Sluder went back to Happy Friday and celebrated her son Marvin's birthday Sunday at his home. Mrs. Marvin Sluder prepared a lovely dinner for the occasion.

Glen Franklin spent Saturday night in the home of his grandmother, Mrs. E. A. Franklin in Happy.

Mr. and Mrs. W. R. Franklin have had word from their son-in-law, E. V. Fryburger. He is on an island in the South Pacific. He is a Seabee.

John Stockett, Billy Stockett, Willis Fisher and Grady Kennedy are on a business trip to Mills county.

Johnson Items

Mr. and Mrs. Raymond Tucek and sons, Mr. and Mrs. Gus Leseberg and daughter and Wilma Schuette were Sunday dinner guests in the C. W. Bauer home.

Mr. and Mrs. E. J. Bauer and children and J. J. Bauer were business callers in Amarillo Monday.

M. and Mrs. F. H. Bauer spent Sunday afternoon in the Clarence Bauer home near Tulsa.

Business callers in Amarillo Saturday were Mr. and Mrs. F. H. Bauer, J. J. Bauer and Mr. and Mrs. I. L. Bauer and family.

Mr. and Mrs. E. J. Bauer and Thelma and Mabel and Lula Spiser were Sunday dinner guests in the Roy Stockett home of Tulsa.

CEMETERY ASSOCIATION MEETS NEXT SATURDAY

The Cemetery Association will have a meeting next Saturday afternoon at 3:30 o'clock in the Thompson Club Room.

ARM BROKEN

Mrs. W. M. Amazon fell Tuesday afternoon and broke her arm. She fell from her back door about 5 o'clock.

Science Building Main Entrance

The main entrance of the Science Building, pictured above, was designed to suggest materials of the departments of agriculture, biology, chemistry, and physics.

Science Building

(Continued from page one)

westward. There are no south or east entrances, and the rear of the building is just west of the frame structure formerly occupied by the president. Because of the nearness to the Palo Duro canyon highway, the Science Building looms larger in comparison with its dimensions would indicate.

Large Laboratories

Just inside the north entrance is the stairway leading to the basement, in which are an independent heating system and a storage room. Just inside this entrance, on the first floor, is the Biology setup. Thirty-two students may work in comfort in the laboratory for bacteriology and physiology. Next door is the office of Prof. L. S. Baker, head of the department. This office has a coat cabinet and built-in bookcase. In the main hall outside are built-in display cases.

The next room is the freshman biology, laboratory, with space for forty students. Biology storerooms are adjacent, and these are connected with the advanced biology lab. A biology classroom and a vented room for the formaldehyde tanks are other units of the biology department.

At the south end of the first floor are the physics classrooms, offices, freshman physics laboratory, five darkrooms, a very large physics laboratory, lecture room for physics and biology, and rest rooms. Lecture rooms have sliding blackboards and audio-visual education screens and black-out curtains.

Bib Lecture Room

On reaching the second floor by the stairway, the visitor sees the freshman chemistry laboratory, a large lecture room seating more than 80 persons, chemistry offices, rest rooms, individual laboratories for the professors, and chemistry storerooms opening into two laboratories.

In addition to its laboratories, lecture room, and offices the Department of Agriculture has a reading room. Nearby, also, are laboratories for physical, qualitative, and organic chemistry.

The building is notable for its space-saving design, built-in woodwork, compressed air and gas in most rooms, and direct and indirect current. While not entirely fire-

proof, it has fire-resisting design and there are concrete rooms for certain activities.

Much credit for the completion of the building under difficulties has been given to the Ellis, Nicholson & Cramer firm, general contractors, of Oklahoma City.

Lake Opening

(Continued from page one)

opening in full force and give some vivid illustrations along with the army on "where and how your dollars are financing our war."

Invitation was also extended to the Will Rogers Range Riders of Amarillo to make their annual trek to the lake for the opening and aid in policing the anticipated crowds.

Col. M. B. Durrette, commanding officer of the West Texas Recruiting and Induction Area, has announced many officers and auxiliaries of the WAACs would attend the opening celebration, as would officers and men of his command.

Lake officials, in announcing the opening of fishing on May 1 and in conjunction with the festivities planned for the day, have offered a \$25 war bond to the person catching the largest bass of the day and also offered a week's free cabin rental at the lake to those catching the largest crappie and catfish that date.

It was also announced by Mrs. Golding that speed-boat races would be added to the colorful program, provided sufficient drivers of the area could be recruited to stage the races. Fans are hopeful that such drivers as Bobbie Pyle, Walter Pyle, Shorty Phillips, Roy Branscum, Bob Green, Hugh Etter, Bob Nolan and others can be seen in action on the lake.

An official request has been made of General Richard Donovan, commandant of Dallas, for an amphibian jeep for the occasion to demonstrate the land-water buggy proving so effective in Uncle Sam's forces throughout the world.

Playing for the dance the night of May 1 at the lake's recreational building will be the Cactus Revelers from the Cactus Ordnance Works near Dumas.

There is never an admission charge to Buffalo Lake and all program events are free to the public with the exception of the night dances, Mrs. Golding said.

Bombing of Tokyo In News Reel At Olympic

In the news reel tonight and Friday at the Olympic Theatre shows the bombing of Tokyo by General Doolittle and his men.

Pictures are shown of the aircraft in the rough seas coming in contact with a Jap patrol boat and the sinking of this boat and the picking up of the Japanese survivors, the huge B-24 bombers taking off from carrier and the bombs landing on Tokyo. After the bombing General Doolittle and some of his men are seen in China receiving decoration for their bravery.

Other interesting pictures appearing in the news is President Roosevelt's visit to Mexico and our soldiers landing in Tunisia and assembling equipment for battle against Rommel.

Lee Johnson Returns From Rotary Meet

Dr. Lee Johnson, president of the Canyon Rotary Club, returned Tuesday afternoon from Abilene where he attended the District Conference of Rotary. He represented the local club at this meeting.

Dr. Johnson is filling out the unexpired term of Marion Bishir, and has been elected president of the club for the coming year.

Tires, Tubes and Recaps Are Issued

The following certificates were issued by the local Rationing Board April 17-24:

Truck tires	10
Truck tubes	4
Passenger tires	15
Passenger tubes	4
Farm implement tires	5
Truck recaps	5

Help Keep Canyon Clean!

Much Progress Recorded Here

Military Developments Take Lead; Unit at Amarillo Established

West Texas State College has experienced a war year, and the institution is not the same. They have been eventful months, full of uncertainty but likewise full of interest; confused, yet not devoid of accomplishment. In fact, recent months have produced important milestones in the development of the college.

It is difficult to evaluate the various factors, but the following stand out above the rest:

1. The war—with its demands on students, faculty members, and the time and strength of the college staff; the training of soldier and sailor airmen and, lately, the coming of the College Training Detachment; presence of reservists.

2. Gift to the institution of the Amarillo Center building by Mr. and Mrs. Allen Early, and launching of a senior college unit in Amarillo with Roy G. Boger as director. Success of this venture was beyond expectations.

3. Virtual completion of the new Science Building, which was occupied by the Training Detachment instead of the departments of agriculture, biology, chemistry, and physics.

4. Reorganization of the college of Upper and Lower Levels and administration through the creation Schools of Education, Business and Public Administration, and Liberal Arts.

5. Gift of the James D. Hamlin collection of valuable art objects, which will eventually be housed in the Panhandle-Plains Museum addition, now suspended for lack of builders. Many articles from this collection have been received.

6. Development of the College Airport by this institution and George Cox, flight contractor. Post-war activities of this airport may exceed those of wartime.

7. Cessation of intercollegiate athletics.

Students arriving for the Fall Term were pleased on learning that only one compulsory assembly would be held each week. . . . The dahila garden was a thing of beauty. . . . The College took over the NYA buildings, which later were to house soldiers. . . . Physical fitness became a watchword and one reflected in the college program. . . . Six hours of history were voted as a Board of Regents requirement of all future graduates. . . . Homecoming was smaller but interesting, and featured by a Victory pageant written by Mrs. J. A. Hill. . . . Graduate Floyd Golden was elected president of Eastern New Mexico College. . . . Intensive short courses opened the way to jobs in business and industry.

One of the few conventions held here was that of the Panhandle High School Press Association. . . . D. A. Meyer ably directed the Northwest Texas Conference for Education as its president. . . . Several Teachers College presidencies changed hands and new faces came to the Board of Regents. Regent John E. Hill retired after 13 years of brilliant service, to be replaced by Ex-Student Newton Harrell of Claude. . . . What will probably be the last regular yearbook of the war went to the printer. . . . New faculty members came to take up the duties of men granted leaves "for the duration." . . . Continued success in sports under new coaches.

Sgt. and Mrs. Clarence D. Zachry, and Sgt. and Mrs. Woodrow T. Christy, of El Paso, spent the week end in the parental E. W. Guest and E. N. Zachry homes.

Mr. and Mrs. E. M. Myers, Mrs. Felix Pierce and Fannie Alice visited over the week end in Lubbock with relatives.

Miss Jackie Weatherbee, of Amarillo, has been visiting the past week with her mother, Mrs. Kirk Weatherbee.

Bill Armstrong of Anson, County Treasurer of Jones County, spent Easter at the home of his parents, Rev. and Mrs. C. C. Armstrong.

Miss Frances Wilroy will attend a district meeting in Amarillo, Wednesday, May 5.

WARWICK'S

'E' to Back Yard Shop

Harold Powers, operator of the Diamond Hill Machine Co. of Cos Cob, Conn., smallest war plant yet designated for the Army-Navy "E," confers with Lieut. William Shope, WPB naval adviser. The plant is housed in Powers' back yard garage, employs four people 16 hours a day. (Passed by U. S. Navy censor.)

Churches Have Vital Part in the War, States Robt. Jones

Rev. Robert Jones, pastor of the Presbyterian Church, was in charge of the program of the Rotary Club Tuesday. A sacrificial luncheon was served, the members paying 75 cents for a 25 cent lunch. The 50 cents difference was sent to the war relief fund of Rotary International.

"Will this war be the end of civilization, or the beginning of a new era," is the question often asked, stated the speaker. The answer may be either. It will depend upon the strength of Christians to cope with the situation. The churches are determined to see that the ideals of Christ shall prevail.

The attitude of men in the armed forces will determine to a great degree the situation following the war. Rev. Jones stated that Chaplains report there never was such great interest in religion as shown by men in service. The boys are interested in religion, and largely attend religious services.

Chaplains are devoting their entire time to the spiritual welfare of the men. Chaplains go unarmed with the combat troops, and the casualty list has been large.

The churches are providing another service in furnishing camp pastors, chaplains in industrial plants; and trailer chapels to serve in the various war plants, which are usually built away from church facilities. This latter situation presents a pagan threat, especially among the boys and girls. It is reported that there has been an increase of 55.7% in delinquency among girls who are forced to live under boom situations at these war plants.

Christianity must spread throughout the world before there can be permanent peace. Christianity is being spread by various means: Chinese relief; work among the 6 million war prisoners; Russian relief; distributing Bibles by the American Bible Society.

Visitors were: Rev. J. Lowell Ponder of Plainview; R. A. Doak, L. A. Vahue, Dr. W. B. Stevenson, Ed Broome, F. E. Barnes, all of Amarillo.

MCINTIRE IMPROVING

N. E. McIntire is improving from his illness of last week. He was taken to an Amarillo hospital, but was able to return home in a few days. He was able to be down town for a short time Monday afternoon.

Commencement Calendar

May 13, Thursday—Senior Class Day. 11 o'clock—Exercises.

May 16, Sunday—W. T. High School Sermon 8:30 p. m.—Main auditorium. The Rev. Joe Findley.

May 17, Monday Evening—8:30 o'clock—President's Reception to Senior Class.

May 21, Friday Evening—8:30 o'clock—W. T. High School Commencement, socialized program.

May 23, Sunday—Commencement day. 11 a. m.—Baccalaureate services. Sermon by Dr. C. R. Hooton, pastor Tyler Street Methodist Church, Dallas.

8:30 p. m.—Commencement Exercises. Address by Judge Weaver H. Baker, chairman, State Board of Control, Austin.

Outdoor Band Concert date to be set.

COUNCIL MEETING

The Randall County Home Demonstration Council will meet Saturday, May 1, at 3 p. m. in the Council room. Members are urged to be present.

Mr. and Mrs. C. M. Burger and children of Washington, D. C., are visiting Mrs. Burger's mother, Mrs. O. B. Vaughan and family. Mrs. Vaughan's mother, Mrs. W. H. Goodrim of Elk City, Okla., is also visiting here.

Miss Pauline Reynolds of Longmont, Colo., has been visiting with Dr. and Mrs. A. K. Knott. Miss Reynolds is supervisor of Art in the public school there.

Grant Sharman, formerly of Canyon, was called by the army reserve and reported for active duty April 27. He is the son of Mr. and Mrs. W. P. Sharman, now of Dumas.

Ray Robbins of Pampa visited here over the week end with Mrs. Earl Robbins before going to Lubbock to take his physical examination for the Army.

Miss Sarah Slack visited here over the week end at the parental home of Mr. and Mrs. T. V. Slack. Miss Slack is attending business college at Lubbock.

Mrs. Ruby Zachry Davis, returned Thursday from Tulsa, Okla., after spending a month there.

Pvt. Floyd Dunsworth is here on a 10-day furlough from Camp Barkley to visit with his wife.

Pecan Trees Are Given by Regent for Campus Grove

Four carefully selected pecan trees, just planted east of the Administration Building, may be the beginning of a pecan grove on the campus. Of four types, they are the Stuart, Mahan, Success, and Delmas.

The gift came from R. T. Craig of Athens, retired publisher who until recently was a member of the Board of Regents. He selected the trees after a recent trip to Canyon to inspect the new Science Building.

Some pecan trees are chiefly useful for the shade they produce, but others produce delicious nuts in large quantities. West Texas State authorities would be pleased to see the success of either type of tree.

Jowell Items

There were all day services at the Jowell school house Sunday, held by Rev. C. E. Wiley. In the afternoon there was singing and an Easter egg hunt.

Phyllis Jean Hurst spent Tuesday night with Muriel Faye Cope. W. T. Cope and children spent Sunday with Mr. and Mrs. Newsom of Wayside.

W. E. Cates of Canyon spent Tuesday night with Jack Bonds. James Nix of Shamrock is staying with Earl Davis a few months.

Mr. and Mrs. Hardest of Lubbock and Miss Bell Grounds visited in the Louis Hinders home Sunday.

Henry Tidenberg has been called to Bovina for a few days to settle up business after the death of his mother, Mrs. Tidenberg.

Visitors in the Henry Tidenberg home Sunday were Mr. and Mrs. H. P. Bonds of Tulsa and Miss Ella Tidenberg and another sister from Colorado.

Miss Florine Wilkum and Rudy Jerkin visited in the G. A. Dietz home Sunday.

Mrs. W. T. Cope visited her aunt and uncle, Mr. and Mrs. Roper of Post, Sunday.

Fairview Breezes

We enjoyed having Rev. Ponder, district missionary, with us over the week end.

Mrs. C. M. Wesley underwent a critical operation at an Amarillo hospital April 15. She is improving slowly.

Friends and relatives of Mrs. C. M. Rogers took basket lunch and enjoyed the day with her Easter.

Miss Vesta Amerson spent Easter with her sister, Mrs. Coy Elkins.

Arlan Ray Wesley and Dewey Allen Lindley spent the week end in the J. W. Wesley home.

S. A. Evans had some teeth pulled Saturday and has been pretty sick.

Miss Geraldine and Leona Sharpes visited the S. F. Sharpes home Saturday night and Sunday.

Juanita Schaeffer visited the E. W. Schaeffer home Saturday night.

We were glad to welcome the Wayside people to Fairview Sunday night. Hope they visit us again soon.

Pleasantview

Miss Opal Wall left last week to accept a job at Lubbock.

We are glad to hear that Mrs. Jim Bible is improving in New Mexico where she has gone for medical treatment.

A large crowd from the community attended the Easter picnic at the Six-Mile Crossing Sunday.

Mr. and Mrs. Ray Wall and family visited in Amarillo Sunday with his sister, Mrs. Cora Grimes and her son, Emmett Grimes.

Mrs. George Louder visited Mrs. Roy Wall Thursday evening.

Several Canyon High School Contestants Receive Awards at Interscholastic League Conference

Dowd and Ziegler Acquire Second Division Ratings

Procuring subordinate honors at the Regional Interscholastic League Conference at West Texas State College Saturday, five contestants from Canyon High School—Helen Jo Cox, Mollie Nann Ziegler, Martha Jean Dowd, Shirley Harrell, and Anita Davis—received individual ratings in the various divisions.

Speaker and Writer Enter

Being a third place winner, Helen Jo Cox recited "China's Fight for Freedom" by His Excellency, Dr. Wei Tao-Ming in the declamation race and in the ready-writers' section Mollie Nann was awarded a second place trophy. Her essay entitled "How the War Has Changed Our School" was 1,000 words written in two hours' time.

Contesting against four other teams, Anita, Shirley, and Martha Jean as a typing team received a second award and individually Martha Jean got a second and Shirley, fifth. This will entitle them to attend the state convention in Austin May 6-7-8.

Track Entrants Compete

Track entrants were Billy Ray Boling, Merle Dickerson, Lindsey Taylor, Charles Taylor, Bob Copeland, Harley Hicks, Max Bosley, J. Ray Hunter, Leslie Gordon, Bobbie Dowd, J. Spencer Winn, Marvin Davenport, and Don Standley.

Graduates Secure New Invitations

In a special class meeting last Thursday, the seniors received their invitations and cards, which were ordered at the first of the year. Caps and gowns arrived Monday from the Lonnie Smith Cap and Gown Company.

Each invitation has the print of an eagle on the front with "1943" underneath. There are engraved cards to place inside each invitation and to exchange with the members of the class.

Commencement sermon for this year's graduates will be on May 16, and commencement exercises will take place on May 20.

The Eagle's Tale

International Honor Rating from Quill and Scroll . . . Distinguished Merit, Interscholastic Press Conference . . . State Champion, Texas High School Press Association . . . Panhandle High School Press Association . . . West Texas Press Clinic.

ONE LESS JAP

Of course we have never done all we can toward the war effort, but summing it all up, Canyon High School has made a tremendous contribution toward Victory.

Enormous sales of bonds and stamps, especially for a school of this size, Victory concerts at which were bought several thousand dollars' worth of bonds and stamps, military training, model airplanes, scrap metal and rubber drives, a Victory Corps, book drives, sacrificing typewriters, and Red Cross contributions, all show that Canyon High School is doing a great bit in the war effort.

In order to accomplish all this, each student must have done his part. Congratulations, students!

Let us remember that each small contribution may mean one less Jap and one more day of freedom.

BUY MORE WAR BONDS REGULARLY.

Happy-Go-Lucky Explorers Get Enormous Quantities of Eggs

Nope, I shouldn't tell what I've been hearing and seeing, but I just can't resist it! Don't take me seriously, now, about any of these affairs—because they are all in fun; and you know, I find things change so often that it's difficult to write on Monday for Thursday's paper!

Tommy Hunter was sitting quietly (?) by Valeta Haines—course all the rest of the class was in the room, but did Tommy notice them? Not while Valeta was there!

Confidentially, I think we should notify Frances Standley of the present rationing program—vaguely referring to Dick Barrett, Austelle Burrus, Clifford Burtz.

Harry Campfield was a nervous wreck after the seventh grade "wedding" a few weeks ago. It seems to me that he should have taken James Inman's place as the "weeping forsaken lover"—after all he had a real interest in the bride-elect! (to those who missed that masterpiece of wit—and wisdom—the bride was Fannie Alice Pierce!)

This space I dedicate to the most dignified bachelor in Canyon High, Alfred Dietz. (May this advertising space be well worth the money.)

I know an eighth grader and he told me about—Louise Tucek and Charles Lee Evans; Orville Turner and Marie Wesley, Ridings Sloan and Jean Prather; James Rigsby and Geraldine Small; Bill Davis and Frances Gooch; Billy Jo Wallen and Charles Wright; Paul Cook and Dorothy Gafford.

Ray McDonald and Velta Speer. Are having some fun—or so I hear.

Ah, summer memories awake Charles SoRelle; But he knew all along Mollie Ziegler was swell.

Kathryn Davenport and Raymond Aardal; Call out the old gang, They're going to "fall."

Guess Who She works in the office, She boards in town That she's a dignified senior Is easily found.

She changed her name When she moved to our city; The boys feel that this Is surely a pity.

Did you guess Tommie Lou Ford last week?

Hall Team Downs Eagle Teamsters

Battling the Terrill Hall team in the Canyon Grade School gymnasium last Thursday night the Canyon Eagles' basketball team was defeated by a score of 31-25.

Virgil Boldier, the 6 feet-3½ inch Hall center was high point man from Terrill while Don Standley and Max Bosley tied for high point man on the Eagle team. George Black, also an Eagle teamster, was referee. These two teams met in another game yesterday.

Help Keep Canyon Clean!

Eggs and more eggs—and we mean more eggs! Last Friday, Canyon Grade School students hunted—and we hope they found—more than eight hundred Easter eggs, as compared with approximately three hundred fifty students, so there must have been enough for everyone! Most of the eggs were dyed by the students themselves on Thursday.

In addition to having an Easter program and Easter games, students in Mrs. Houston P. Doughty's room, with the aid of their room mothers, baked cookies to go with their ice cream.

Classes Bake Cookies

Likewise, in Mrs. T. W. Collins' room the students baked cookies on a tiny stove.

While children in Miss Sarah Thompson's third grade had refreshments served by their room mothers, those in Mrs. M. S. Bishir's and Miss Florence McMurray's rooms hunted eggs.

A competitive spirit was aroused among the students of Mrs. Roscoe B. Davis, with Bill English, Coy Black, and Ed Harrell taking top honors by finding the most eggs in their hunt.

Hunts Arouse Spirits

Traveling for the school troupe of egg adventurers and explorers was done by Mrs. Stella Murrell's second grade class and by Mrs. L. M. Cousins' fourth grade.

In the outdoor kitchen with stone fireplace, tables and chairs, Mrs. Murrell's pupils were entertained by Mrs. M. O. Slack, who with other room-mothers, served weiners, buns, pickles, potato chips, punch and cookies.

"In a meadow clean full of grasses green," Mrs. Cousins' students hunted Easter eggs, with Mrs. Roy N. Byrd, Mrs. Ross Craig, and Mrs. Harris M. Cook serving the punch and cookies.

Again the traditional Easter bunny has fulfilled an entertaining mission and the grade students bid him a parting farewell!

Grade Teams Play Miniature Games

Opening a miniature basketball tournament the fifth and sixth grade boys, under the direction of Miss Myrtle Hall, played the first of two games yesterday at noon, the final game to be played tomorrow.

Eagle lettermen will take turns refereeing the ball games.

Pictures Increase School Activities

As an added feature in Canyon High School's educational program, certain classes saw moving pictures in the auditorium last week and this week.

On last Thursday and Friday a silent film on America's part in World War I was shown to the American and world history classes. This film enabled students to see the progress America has made by comparing machines and tactics of that time with present day methods. Another film showing America's part in the period after the war will be shown soon.

"Our Neighbors Down the Road," a technician film about the Pan-American Highway, was seen by the Spanish and history classes on Tuesday of last week.

Last Monday the pre-flight aeronautics class and some seventh grade students saw another picture, "Construction of a Light Airplane."

And Time-and-a-Half for Overtime?

In the 60th Bn., Camp Berkeley, Texas, they're talking about the brilliant idea of one of the trainees. This particular recruit approached his commanding officer with the suggestion that he be permitted to serve "twice the duration plus six months" so that he could have every other week off.

Musicians Render Last Concert

1942-43 Canyon Grade School PTA Officials

Serving as officers of Canyon Grade School Parent-Teachers Association this year, those pictured above will retire at the end of May. They are, from left to right: Mrs.

Worth A. Jennings, Jr., finance chairman; Mrs. P. L. Walters, hospitality chairman; Mrs. Stella Murrell, publicity chairman; Mrs. A. L. Walsh, treasurer; Mrs. Ray McReynolds, president; Mrs. Ross Craig,

secretary; Mrs. Harris M. Cook, vice-president; and Mrs. Burney Slack, membership chairman, seated; and Miss Elva Fronabarger and Supt. J. B. Speer, counsellors, standing.

Classes Discuss Various Picnics

Graduating Class Elects Outstanding Students

Nearing the close of the school year, classes convened Friday for probably the most important meeting of the semester. The Proximity of vacation time brought many new matters to be discussed.

Presided over by Lila Mae Lill, the senior class discussed plans for the trip to Palo Duro Canyons tomorrow and Saturday. Martha Jean Dowd was elected the most popular girl while George Black claimed the same honor in the boys' section. Calvin Sanders was voted the best in sports and Tommie Lou Ford best in girls' athletics.

Important Meetings Are Held
Most beautiful girl is Theresa Nell Blewett; most handsome boy, Joe Ziegler. Best in scholarship were Polly Winstead and Elwyn Morton. Appointed by the president were prophet, Polly; historian, Shirley Harrell, and official class sponsor, Mrs. Guy B. Tabor.

Predominating issues of the junior class meeting were plans for tomorrow's picnic. Also discussed was the Junior-Senior Banquet which will be held May 7.

Junior's Discuss Banquet
Sophomore business was occupied by a discussion of a picnic to be held on May 8.

Like the sophomores, the freshmen planned an excursion, set for May 7.

As summer is the time for parties and picnics, the eighth grade discussed both. Their party was scheduled for last Tuesday, while the picnic date was left open.

Also the main topic of the seventh grade class meeting, a picnic was planned for May 6.

Controlling Rust on Roof

At the first sign of rust, says D. S. Weaver, extension agricultural engineer of North Carolina State college, or when the roof shows dark discoloration, the galvanized roofing should be painted with metallic zinc paint. Before applying the paint, the roof should be put in good physical shape and all gutters and low places should be cleaned of fallen leaves and dirt. If the roof has been painted with any kind of paint previously, all loose and scaly parts must be removed with a wire brush, rinsing the roof with water, and allowing it to dry.

Oils
Cottonseed and peanut oil production for 1942-43 may be smaller than was anticipated earlier, but the soybean crush now seems likely to be larger, according to the department of agriculture.

FHT Girls Finish Child Unit Plans

Homemaking girls of Canyon High School are busy this week with final plans for the nursery school which they are to help conduct Tuesday through Friday of next week.

Duties in connection with the school are divided between five homemaking classes. One class is planning noon meals, which will include meat or meat substitutes, vegetables, milk, simple fruit desserts, and whole-grain breads.

Schedule Is Announced
This school will open each morning between 8:30 and 9:00 o'clock and will continue until 4:00 in the afternoon. Under supervision, the children will have half an hour of free play. Then orange juice will be served. Individual play, stories, and a quiet period featuring such things as music and finger games will complete the morning schedule.

Followed by a rest period, a brief story period, mid-afternoon lunch, and outdoor play if weather permits, lunch will be served at 12:10.

Teachers Will Assist
Besides the regular homemaking students, Miss Rhita Jean Sullivan and Miss Lilla Clark, who are in general charge, will be assisted in directing the school by the following West Texas State College practice teachers: Misses Gwendolyn Couts, Madge Lawrence, Altha Mae Duren, Roberta Nicholson, and Mary Isobel Hanvey.

Homemakers Visit Campfield Home

Studying the conservation and care of household appliances, third year homemaking girls of Canyon High School visited the home of Mary Alice Campfield Monday morning. There they inspected a washing machine and vacuum cleaner.

Milton Sanders, manual training instructor, gave the class a demonstration yesterday on the repair of iron cords; and Miss Frances Wilroy, county home demonstration agent, will soon demonstrate the making of slip covers.

This group of girls is centering its attention this semester on a very timely phase—"Housing and Home Furnishing in War Time."

SUMMER

will be here before you know it.

Get out your summer clothes now and have them cleaned and pressed, ready for the first hot days.

Remember, you cannot get work done as quickly as in the past—but we will do the work in reasonable time.

Teacher Directs Third Program

A Capella Choir Presents Melody in Official Debut

With Miss Mary Roberts directing, the Canyon High School music department will present its third and last Victory Concert of the school year tonight at 8:30 o'clock in the high school auditorium with the usual purchase of a war stamp or bond as the admission.

Making their official debut are twenty members, 14 girls and 6 boys, of the a capella choir who will sing "At Dawning." Various numbers by the band, chorus, and girls' group are included in the repertoire.

Mrs. Dunsworth Directs

Mrs. Floyd Dunsworth will direct the seventh grade in a choral reading of "Allegiance" and "Dear Old Flag." Also under the supervision of Mrs. Dunsworth, the eighth grade will sing five patriotic versions, "Let's Bring New Glory," "Anchors Aweigh," "The Marine's Hymn," "Army Air Corps Song," and "We Must Be Vigilant."

Six Special Offerings

Specialties are to be given by Betty Morledge, professional whistler, Dick Woods, and Betty Brown. Velta Speer, Marvey and Helen Studer, vocalists.

Accompanists are Martha Jean Dowd and Mrs. Dunsworth.

Reception Honors Claryce Whitten

Mrs. L. L. Whitten announced the approaching marriage of her daughter, Miss Claryce Whitten, instructor in Canyon High School, at a reception in her home in Amarillo Saturday afternoon.

Miss Whitten and Lt. Roach V. Allen, former Canyon Grade School instructor, are to be married the latter part of May. Mr. Allen who taught in the grade school two years, is stationed at the Chemical Warfare Service, Huntsville Arsenal, Alabama.

Mrs. Floyd R. Dunsworth, another Canyon High teacher, poured punch at the lace-covered table, centered with multi-colored tulips. Tulips and bridal wreath were also featured as decorations throughout the entertaining suite.

Besides being junior sponsor, Miss Whitten teaches art, English III, intermediate language arts, and American history.

campus. These are of yellow with black words, "School-Slow," on them.

RATION REMINDER

Gasoline—"A" book coupons No. 5 good for four gallons each until May 21 outside the eastern gasoline shortage area. Good for three gallons each and must last through July 21 in the East Coast shortage area.

Sugar—Coupon No. 12 good for 5 lbs. must last through May 31.

Coffee—Stamp No. 23 (1 lb.) good from April 26 through May 30.

Shoes—No. 17 stamp in War Ration Book One good for one pair through June 15.

Red Stamps—Red stamps lettered "E" became valid April 25, "F" valid May 2, "G" valid May 9, "H" valid May 16, "J" valid May 23; all good until May 31. Unused A, B, C, or D stamps good through April 30.

Blue Stamps—D, E, F expire on April 30. G, H, J became valid April 24, and are good until May 31.

WAR RATION BOOK

No. 3

War Ration Book No. 3 will be distributed through the mails to more than 120,000,000 individuals beginning late in June and ending July 21, the OPA has announced. Mailmen will leave postcard application forms at every home between May 20 and June 5. The postcard, properly filled out by the head of the house and mailed to OPA, will bring ration book No. 3. Prentiss M. Brown, price administrator emphasized that book No. 3 is a replacement book only, containing a new supply of stamps to take the place of those now being used up. He said if any more rationing programs were necessary there would be official notice by the government.

COUNTRY GIRLS GOOD

NURSES
Directors of schools of nursing rank country girls higher than their city cousins. Some of the qualities the directors like about their non-

urban students are: They adapt themselves quickly to life in the school; they have learned to use their hands; they have a good supply of common sense; they are friendly and cooperative; they are conscientious; and, one director said: "They get up in the morning."

The need for nurses is urgent. War Manpower Commissioner McNutt has said: "One of the outstanding shortages of womanpower in the war is in the field of professional nursing." Write for information to the National Nursing Council for War Service, 1790 Broadway, New York, New York.

MAY EXCHANGE POOR MEAT

A consumer may ask his butcher to exchange a cut of meat that was bruised or otherwise unfit for use when it was bought, the OPA has announced. The customer then may receive other meat of the same point value. Ration stamps cannot be refunded, although any difference in price may be adjusted if necessary.

LIVE HOG CEILING THREATENED

Livestock producers and packers were told last week by Chester C. Davis, Food Administrator, that a ceiling would have to be established on live hogs if prices did not adjust themselves in line with wholesale ceilings. He remarked, however, that the recent course of the hog market had been most satisfactory.

MORE SOYA FOODS

Edible soya products — the high protein foods soon to have an important place in both military and civilian diets—are expected to reach 1½ billion pounds annually. The quantity available for civilians will be many times as large as in the past year. Soya products have already played a significant wartime role. Rich in valuable proteins, minerals and vitamins, they are readily adaptable to large scale use as a human food to supplement meat, milk and eggs.

116 ACTIONS ON POULTRY VIOLATIONS

In an intensive drive to stamp out black markets in poultry, 116 court actions have been started by OPA against violators of poultry price ceilings in 21 days. Moreover, 31 other dealers have been warned to stop over-the-ceiling sales or face suspension of their licenses. Sweeping changes in poultry price ceilings were recently announced as part of the campaign to stop illegal sales, with prices reduced from 1 cent to 10 cents per pound on expensive birds and raised 1 or 2 cents per pound on cheaper poultry. Revised prices are expected to effect substantial savings to consumers.

PLENTY OF BABY CARRIAGES

Over 300,000 baby carriages will be made during the next two months to help meet the anticipated demand for 900,000 this year. In addition, 163,500 strollers, baby-walkers and stulkeys are authorized for manufacture by June 30.

NO LIMIT ON RECAPING

After May 1 there will be no restrictions on the number of certificates that may be issued for recapping truck tires. Because recapping takes only one-sixth as much crude rubber as a new tire, the OPA has removed quota restrictions so that tires will not be driven beyond the recapping point.

PLAY SHOES TO BE RATIONED

"Play" shoes not ordinarily used for street wear that are manufactured, packaged or shipped after April 15, 1943, go back on the rationed list. Such shoes, if they left a factory before April 15, remain

non-rationed, even though they may reach consumers months later.

RATIONING PROGRAM CHANGES

Farm fencing and peanut pickers are no longer rationed; quota controls on milking machines, grain and forage flouers, portable and stationary elevators have been removed; and pressure cookers have been placed under rationing, the U. S. Department of Agriculture has announced. The 150,000 pressure cookers which will be produced in 1943 will be rationed by county farm rationing committees, to users showing greatest need for them. Community organizations composed of several families who agree to use a pressure cooker jointly will get first consideration. Information can be had from County War Boards.

NEWS IN ANIMAL FEEDS

Farmers will be interested in two recent Department of Agriculture discoveries. Poultry nutrition specialists have found that soybean meal properly cooked is a promising substitute for meat scrap and other protein feeds of animal origin. Another discovery is that good quality home grown legume hays, formerly considered too bulky for hog feed, may be used to reduce the amount of concentrates required in rations for growing and fattening pigs. Of three legumes tested, ground soybean hay gave the best results, when used for five to ten per cent of the total ration.

STILL MAKING BOBBY PINS

Rumors of a ban on manufacture of bobby pins are false, WPB officials have declared. Even though the pins are made of vital high carbon steel their production will be permitted.

WOMEN MAKE GOOD INSPECTORS

Women have proved such a success as inspectors of Army Signal Corps equipment that they now make up 40 per cent of the inspection force, according to the War Department. The women do the entire inspection job, from the mechanical work on the assembly line to the final inspection of the extremely complex electrical equipment.

BLANKET SIZES REDUCED

Blankets cannot exceed 84 inches in length, except for white cotton sheet blankets, which may be 95 inches long, according to an order by the WPB. Furthermore, no line of blankets can be made in more than four colors, plus white. In general, only rose, blue, green, and cedar are permitted for solid color blankets.

USE CAST IRON SOIL PIPE

The use of cast iron soil pipe and fittings for sanitary drains in and under buildings should be continued as long as the supply of raw materials from which these products are manufactured is adequate, according to WPB.

NEW REQUIREMENTS FOR WAACS

Under the new rules candidates for the Women's Army Auxiliary Corps must have completed at least two years of education in an accredited high school, and must score at least 60 in the WAAC mental alertness test in order to be eligible. Previously, there were no fixed educational requirements and the minimum score in the mental alertness test was 50.

SOLDIERS GRAVES RECORDED

The burial place of American soldiers who fall on foreign soil will be properly recorded by the Graves Registration Units of the U. S. Army. This service operates closely behind the combat area, burying the dead, recording and marking the graves, and collecting personal effects. Except when combat interferes, overseas burials are approximately the same as those conducted in the United States with full military honors rendered. Rites are ministered by a chaplain of the deceased's own faith when possible.

"HOLD THE LINE"

Farmers and others now employed in an essential industry cannot change to a job at higher wages unless the change is in the interest of the war program, according to recent rulings of War Manpower Commission. Men now in unessential work are encouraged to get into jobs contributing directly to the war effort, even if an increase in wages is involved.

RATION-FREE RUBBER BOOTS

Over-the-knee olive-drab, clay and khaki colored rubber boots—the kind worn for hunting and fishing—can now be bought ration-free, the OPA has announced. Below-the-knee height boots are still under rationing control.

EXTRA FOOD FOR HOSPITALS

Hospitals can now get additional supplies of rationed foods that are needed in patient's diets by means of an application signed by whatever officer is in charge. Formerly, the OPA required the head physician to show the reason for the extra foods and the amount required.

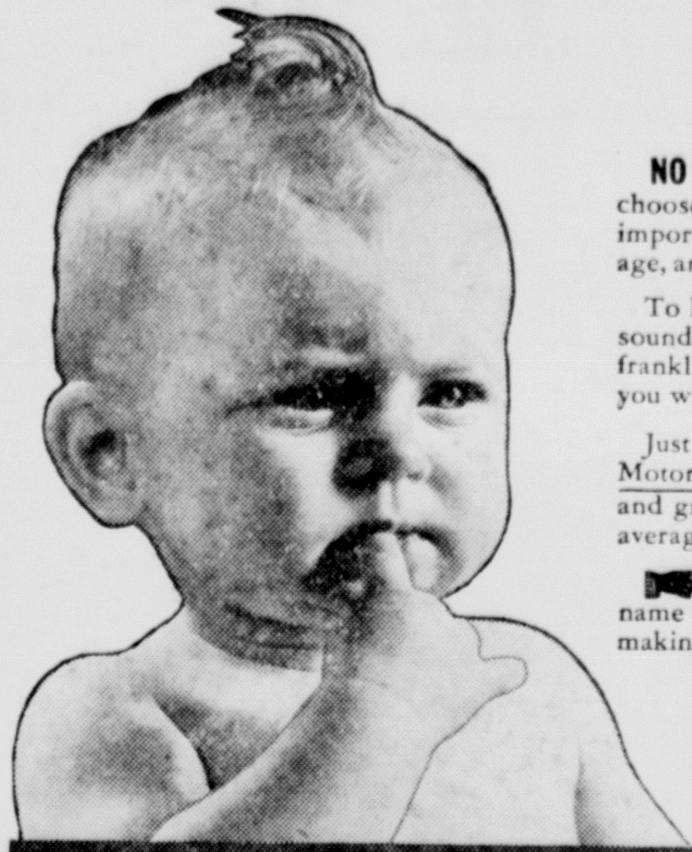

CCC TO BUY NO. 2 BEANS

The Commodity Credit Corporation will purchase No. 2 dry edible beans as well as No. 1 from the 1943 crop. The price for No. 2 grade will be 15 cents below the prices for the No. 1 grade.

GAS STATION DRAWS PAW PENALTY

The first suspension order prohibiting gasoline deliveries to a service station was issued by the

EENY, MEENY, MINY, MOTOR OIL

NO ABRACADABRA, no flip of a coin, can help you choose motor oil wisely. Yet the decision is of utmost importance because today cars must live to a ripe old age, and no car can ever be any younger than its motor.

To help you select the oil for your car, we give you sound, straight-from-the-shoulder facts. We tell you frankly and clearly which lubricant to ask for when you want our very best.

Just remember, we definitely specify that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to average motorists.

Why not try Phillips 66 Motor Oil? Ask for it by name when replacing winter-worn lubricant, or when making the recommended every-two-months oil change.

CARE FOR YOUR CAR
FOR YOUR COUNTRY

IT'S PHILLIPS FINEST QUALITY

I Give You Texas

By Boyce House

"With nothing to ride in,
And no chance to roam,
It ain't hard deciding
There's no place like home."

Texas has the largest state guard and yet spends less on it than any other state in the Union, according to my good friend, Major Charles O. Betts, adjutant of the State Guard Officers Association. Members of the Texas Defense Guard are trained in the use of rifles and machine guns, in chemical warfare, how to block roads and to improvise hand grenades. They are available to aid civil authorities in suppressing riots and insurrections and help repel any invasion. They are a vital part of the defense of our State. They are performing a fine, patriotic service and they deserve every encouragement.

Neither the officers nor men receive a cent of pay, and they do not want pay. They buy their own uniforms, provide their own transportation and much of their equipment. They want the State to help them

get equipment that they are not personally able to furnish. New York spends nearly \$8,000,000 a year for its defense guard. Texas—with its long coast and boundary and its immense area—last year appropriated, through the State government, about \$65,000. The T. D. G. would like to see this amount boosted next year to at least \$450,000—which would be less than 10 per cent of the appropriation in the inland State of Illinois, with less than half as many guardsmen.

Sign in a General Motors plant:
It Can't Be Done.

According to the theory of aerodynamics and as may be readily demonstrated through wind and tunnel experiments, the bumblebee is unable to fly. The size, weight and shape of his body in relation to the total wingspread make flying impossible.

But the bumblebee, being ignorant of these scientific truths, goes ahead and flies anyway.

In a speech on the floor of the Texas Senate the other day, a Senator denounced a member of the

faculty of the University of Texas for some comment on public affairs—and then the Senator went far beyond that: he asserted that no man on the public payroll has a right to express himself on public officials or public matters.

All citizens are entitled to free speech. Does the Senator contend that a member of the faculty of the State University is not a citizen? Would the Senator want to turn the training of the next generation of citizens over to instructors who would be willing to give up the blood-bought, Constitution-guaranteed right of free speech? If we allow the Senator to padlock the lips of State University faculty members and of public school teachers, then you and I as private citizens will be next, if we say something that displeases the Senator.

It is the heritage of every American to say his say.

Wear
Many farm machines wear out faster from rust than from use. Keep your farm machinery under cover this winter and make sure that it is well lubricated before it is stored.

GIFTS!

For Special Occasions—and for Everyday Gifts

BOOKS—New ones, and old Standards. Nothing so appropriate as a good book.

POCKETBOOKS—The popular 25c edition of favorites—the very thing for the man in Service.

NOTEBOOKS—Zippers are out for the duration, but we have the new ones with buckles.

GREETING CARDS—hundreds of Mother's Day, Graduation Cards, Birthday—and all special occasions.

PLAYING CARDS—the popular designs and price range.

STATIONERY—here you will find those delightfully appealing designs and the newest of fancy stationery.

CHILDREN'S BOOKS—the most complete line in the Panhandle. The range of price is from only 5c up—the subjects are complete—delightful to the children.

VASES—a range of styles, designs and prices which appeal to all women—see them before buying.

OFFICE SUPPLIES—the supply is limited, but we can furnish you whatever is being made these days.

TYPEWRITERS—No you cannot buy a new one or even a used machine. But we have some for rent—and can furnish you the best ribbons, carbons, typing paper, erasers, etc.
